CHANGES IN W. U.

B. B. Brooks Becomes General Manager of the Company.

New York, Feb. 16.—At the meeting of the directors of the Western Union Telegraph company today, B. B. Brooks, general superintendent of the eastern division, was appointed general manager of the company.

He will assume charge of the operating end of the business immediately so that President R. C. Clowry may devote more time to administrative matters and to working out the broad, progressive policies of the new management.

The vacancy caused by Mr. Brooks' advancement will be filled by the promotion of A. G. Saylor, now assistant general superintendent.

Lodge Notice.

All members of Amity Lodge 231 K. of P. will meet at their hall Thursday, February 17th, at 1 p. m. to attend the funeral of Brother F. C. Snyder.

KANSAS GIRL IN WASHINGTON'S EXCLUSIVE YOUNGER SET.

Miss Anna Calderhead, the daughter of a Kansas representative, is said to be one of the three most charming and popular girls in the younger social set at Washington. The other two are Miss Lucy Russell, a daughter of the minister to Persia, and Miss Edna Ellerba, the daughter of a South Carolina congressman. It is no small distinction to be singled out as a belle in a circle so brilliant as is supposed to form the exclusive set at the nation's capital city, where the race is keen and honors grudgingly given.

FAST TRAIN ON SANTA FE.

New California Limited Will Cut Time Seven and a Half Hours.

Los Angeles, Feb. 16.—One of the fastest trains in the world will be put into the transcontinental service Sunday by the Santa Fe. The new flyer, "The California Limited," will cut 7 1/2 hours off the running time between Los Angeles and Chicago. The new schedule then will be 64 1/2 hours. The Santa Fe is planning to expend several hundred thousand dollars in making new cutouts. On one of these it will spend \$100,000 to gain twelve minutes on the run through Orange county.

CHARGED WITH STEALING COAL.

Geo. Bradshaw Also "Had Fun" With the Detective.

Upon complaint of S. W. Stephens, special agent of the Union Pacific at Kansas City, a warrant was issued today for George Bradshaw, colored, of 713 North Harrison street, charging him with stealing 300 pounds of coal from a Union Pacific car last night. This is the first of the scores of coal theft cases to be brought to the county officers. Detective Stephens explains that the practice has become to a regular thing and a joke among the thieves and asks that a test be made of a more serious prosecution than the police court. Bradshaw is charged with stealing from a freight car.

According to the story of the agent, Bradshaw refused to get off the coal car until threatened with being knocked off, then he jumped and ran with the detective trying to catch him. After a chase of several blocks, Stephens caught him, grabbed his arm, and the colored man whipped out a knife, only to find an automatic six-shooter in his face. The officer, however, let the man get away rather than shoot him up.

In bringing the case to the county attorney's office the railroad man says the police fines do little good. He cites the case where a negro was fined \$25 one day, and the same night was seen

carrying away another sack of coal. The method of the thieves is to climb onto a car either standing or running and throw the coal off.

It is said witnesses in this case will swear that Bradshaw after getting away from the agent, appeared around the watch tower later, singing a song he had framed up with the words: "Watch me get that— he ain't got nothin' on me."

KING CASE UNDECIDED.

August Herrmann Says He Didn't Say He'd Be Reinstated.

Chicago, Feb. 16.—"I can not see why the National League should hesitate about adopting the 154-game schedule which was drawn up at the meeting of the joint schedule committee at Pittsburgh," said B. B. Johnson, president of the American league today.

"The two schedules arranged there were the best ever made since the two leagues have been working together." The following telegram was received by Mr. Johnson from August Herrmann, chairman of the National commission today:

"All articles having been offered as emanating from me with reference to King are absolutely false. Have made no statement excepting that case would be taken up soon."

LIFE IN THE WORK

Hugh Chalmers Sounds Keynote of Success.

Enthusiasm Is an All Important Factor.

THE USE OF TACT.

Business Man Must Also Be Tactful.

Advertising Necessary to Bring About Success.

"Without enthusiasm a man would be a mere statue," said Hugh Chalmers, president and general manager of the Chalmers-Detroit Automobile company, in his address this afternoon before about 200 members of the Commercial club and the Topeka Ad club. This seemed to be the keynote to the address and it might be mentioned that it was one of the ablest addresses which has ever been given in the Commercial club quarters.

The speaker did not arrive at the Commerce building until after 1 o'clock on account of the lateness of his train, and this fact delayed the progress of the meeting to a considerable extent.

Chalmers spoke of the "World's Greatest Problem—the World's Distribution." He said in part:

"I believe that advertising today needs to be advertised. Many people believe that those who advertise must charge higher prices than those who don't. We who have had experience know that this isn't so. Let's ask ourselves what our object is when we write an advertisement or get out a paper.

All business rests upon confidence. I claim that advertising is a greater force in creating business than any other factor. It is the greatest bulwark to an honest man, but the greatest bulwark to a dishonest man. The time has come when advertising must be cleaned up.

"A man is called crazy when he advocates a new thing, but when it is found out that that thing is practical he is considered a genius. All advertising is educational in character. If it isn't it isn't advertising.

"I have heard the statement that advertising men are born and not made, but there is nothing in that. Advertising men are made as well as born.

"After we have said nothing but good common sense with printer's ink added. I have seen some of the best advertisements written by men who have believed that they were capable of writing copy. Advertising is salesmanship plus publicity.

"It doesn't necessarily follow that because you can make things you can sell them. Nine-tenths of the whole thing rests in the selling of the goods and one-tenth with the goods themselves. You can't go on a theory that you can sell one man an order of goods you can sell a million.

"The first object in advertising is to sell your output, and the second is to perpetuate your good thing in the whole frame is a valuable asset and a man should try to hold on to this.

"Are you sure you will sell your output? Yes, I replied, 'then why do you continue to advertise?' was a second question. I said because we gain by it. We can have 50,000 this year if we cut out the advertising, but we are looking ahead to the years to come. You must continually let people know that you are alive. It doesn't take the American people long to forget.

"Know your business," continued Mr. Chalmers and this was one of the things on which he put most stress.

Tact must be cultivated. A real quality is that which teaches us to deal with people of different temperaments."

MEMSIC HIT POWELL LOW.
But the Referee Refused to Allow Claim of Foul.

Los Angeles, Feb. 16.—In the fifth round of their fight last night, George Menzies sent Lew Powell to the floor with a right swing that landed low. Powell writhed, but was up at the count of nine and clinched until the crowd saved him. The house yelled "foul" loudly, but Referee Eytan refused to allow the claim and Powell fought the remainder of the fight in a weakened condition.

The newspaper men, with whom the decision rested, were unable to agree after the fight and the sentiment of the crowd was that the fight should be declared a draw.

Chumpleigh-Well, my dear, I had my life saved by you. Mrs. Champ-leigh—I'm glad you did, John. Now you won't have to be so careful about dodging street cars and automobiles.—Chicago Daily News.

DEATHS AND FUNERALS

Mrs. Emma D. Pack died at her home in Wellington, Kan., this morning. She was formerly a resident of Topeka, having at one time been a matron at the state hospital for the insane. She was the wife of I. N. Pack, who died several years ago. Mr. Pack formerly edited a paper on the North side. Mrs. Pack is survived by a son, Weaver Pack of Wellington, and a daughter, Mrs. C. C. Griffith of Topeka.

Mrs. Mary A. Bronson, aged 77, died last night at her residence, 510 West Eighth street, of pneumonia of the heart. Funeral announcements will be made later.

Frank O. Snyder, aged 50 years, died in Shorey yesterday of a complication of diseases. The funeral will be at 2 o'clock Thursday, and will be held from the home. Interment will be in the Topeka cemetery.

News of the death of Walter N. Cus, formerly state clerk for the Santa Fe, has been received here. He died in Florida, where he had gone in the hope that a change of climate would better his health. After leaving here he was with the Santa Fe in Chicago, until two years ago. The body will be brought here Thursday for burial. The funeral arrangements have not yet been announced.

Anna Roscoe Brown, a county charge, died yesterday at the Keith hospital. She was an aged negroess who was discharged from the state hospital for the insane last summer to make room for other patients. She was taken to the hospital only a few days ago. The body is being held for a few days in hope that some one will claim it and save it from the potter's field.

Mrs. Edwin Knowles died at the home of her niece, Mrs. C. C. Scoville at Seaside, Kan., last evening. Services will be held there today and the body will be brought here for burial beside that of her husband, who died in the city. The funeral will be held at the home of her nephew, Geo. A. Guild, 1032 Western avenue, to which friends are invited at 1:30 p. m. on Thursday.

HOW FAT WOMEN CAN REDUCE THEIR WAISTS
Fat shows a preference for the abdomen, chin, ankles, hips, etc.—the quiet spots—just the places where it can show the most, or worst. What is to be done—exercise and diet—are they the only alternative? On the contrary, they seldom do the work.

A better plan for reducing the fat is to use the Marmola Prescription Tablet. One of these after meals and at bedtime will produce the requisite reduction without bother, delay or harm. In a few weeks you can be losing a pound of fat a day. It will drop off, as it were, disappear as quietly as it came; remove uniformly without causing even a suspicion of a wrinkle of distress. Meanwhile, eat and act as usual; deny yourself nothing. It is not required if Marmola Tablets are used. Get out two inches of waist line before the month's end. It can be done—certainly, cheaply, safely. The Marmola Tablet is noninjurious (it being made after the famous fashionable formula—1/2 oz. Marmola, 1/2 oz. Fl. Ex. Cascara, Aromatic, 3/4 oz. Peppermint Water), and it costs only seventy-five cents, the large case, of any druggist, or direct from Marmola Co., 35 Farmer-Bldg., Detroit, Mich.

KIDNEY OR BLADDER MISERY GOES AND YOUR LAME BACK FEELS FINE

All Kidney and Bladder Misery Simply Vanishes.

Hundred of folks here are needlessly miserable and worried because of out-of-order kidneys, backaches or bladder trouble.

If you will take several doses of Pape's Diuretic all misery from a lame back, rheumatism, painful stitches, inflamed or swollen eyelids, nervous headache, irritability, dizziness, worn-out, sick feeling and other symptoms of overworked or deranged kidneys will vanish.

Uncontrollable, smarting, frequent urination (especially at night) and all bladder misery ends.

This unusual preparation goes at once to the disordered kidneys, bladder and urinary system, and distributes its healing, cleansing and vitalizing influence directly upon the organs and glands affected, and completes the cure before you realize it.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment means clean, active, healthy kidneys, bladder and urinary organs—and you feel fine.

Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.
